Soft Lavender	#a2557a	rgb(162, 85, 122)	Description text
Pale Pink	#ffe4f0	rgb(255, 228, 240)	Card backgrounds
Light Coral	#ffd9ec	rgb(255, 217, 236)	Hover states

Icons

Icon Name	Default Size	Usage Location
User (fa-user)	0.85rem (13.6px)	Form labels
Key (fa-key)	0.85rem (13.6px)	Password field
Envelope (fa-envelope)	0.85rem (13.6px)	Email field
Phone (fa-phone)	0.85rem (13.6px)	Phone field
Map Marker (fa-map-marker-alt)	0.85rem (13.6px)	Address field
Credit Card (fa-credit-card)	0.85rem (13.6px)	Payment field
Trash (fa-trash-alt)	1.2rem (19.2px)	Remove item button
Check (fa-check)	0.9rem (14.4px)	Success feedback
Arrow Right (fa-arrow-right)	0.9rem (14.4px)	Button arrows
Receipt (fa-receipt)	1.5rem (24px)	Order summary
Truck (fa-truck)	1.5rem (24px)	Shipping section
Crown (fa-crown)	1rem (16px)	Logo accent

Fonts

Font	Usage	Weight Variants
'Playfair Display', serif	Headings, brand name, product titles	400, 500, 600, 700
'Inter', sans-serif	Body text, buttons, form labels	300, 400, 450, 500, 550, 560, 600, 700

Product

Function Name	Purpose
getCart()	Retrieves cart data from localStorage and returns parsed cart array
saveCart(cart)	Saves cart array to localStorage and updates cart count display
addToCart(product)	Adds a product to cart; increments quantity if exists, creates new entry if not
updateCartCount()	Calculates total items in cart and updates badge display across all pages
showAddedFeedback(button)	Temporarily changes button text to "Added!" and reverts after 1.5 seconds
renderProducts()	Dynamically generates product grid HTML from products array and attaches event listeners

Cart

Function Name	Purpose
getCart()	Retrieves cart data from localStorage
saveCart(cart)	Persists cart to localStorage and updates count display
updateCartCount()	Updates cart badge with current total items
calculateDiscount(subtotal)	Calculates 10% discount on subtotal
calculateTax(subtotalAfterDiscount)	Calculates 15% tax on discounted subtotal
updateQuantity(productId, newQuantity)	Modifies item quantity; removes item if quantity ≤ 0
removeItem(productId)	Removes specific product from cart completely
clearCart()	Empties entire cart after user confirmation
renderCart()	Generates cart table HTML, calculates totals, displays order summary
proceedToCheckout()	Validates cart not empty, redirects to checkout.html
closeCart()	Returns user to products page

Check out

Function Name	Purpose
getCart()	Retrieves cart data for order processing
updateCartCount()	Updates navigation cart badge
calculateDiscount(subtotal)	Calculates 10% order discount
calculateTax(subtotalAfterDiscount)	Calculates 15% sales tax
loadOrderSummary()	Displays cart items, calculates totals, populates order summary section
escapeHtml(str)	Sanitizes user input to prevent XSS attacks
validateForm(formData)	Validates all shipping form fields before submission
showSuccessModal(orderData)	Creates and displays order confirmation modal with order details
handleCheckout(e)	Main checkout handler: validates form, calculates totals, saves order, shows success
cancelCheckout()	Returns user to cart page after confirmation

Login

Function Name	Purpose
getElementById()	Validates username/password, stores session in localStorage, redirects to home page

Business Description

Mela-Plus is a beauty distribution company focused on providing high-quality, inclusive makeup for Black and melanin-rich consumers. The business specializes in sourcing and distributing globally recognized brands that cater to deeper skin tones and diverse undertones. By offering products from leading brands such as Fenty Beauty, Juvia's Place, Pat McGrath Labs, Haus Labs, and NARS Cosmetics, Mela-Plus ensures accessibility to premium, inclusive beauty products in one convenient platform.

Target Audience

The intended audience for the Mela-Plus website includes:

- Black women and men with melanin-rich skin tones
- Young adults (ages 16–35) interested in beauty and self-expression
- Makeup enthusiasts seeking inclusive shade ranges
- Customers in regions where inclusive brands are not easily accessible
- Beauty professionals and content creators

Colour Psychology & Justification

The Mela-Plus website uses a pink-based color palette to evoke feelings of femininity, beauty, and softness while still maintaining a modern and professional look.

- **Pink tones** (Primary Pink, Blush Pink, Light Pink) are associated with beauty, care, and self-love, making them ideal for a cosmetics brand.
- **Darker shades** (Deep Rose, Dark Mauve, Berry Pink) create contrast and represent confidence, strength, and elegance, aligning with the empowerment of melanin-rich individuals.
- **Soft White and Pale Pink** provide a clean and minimal background, enhancing readability and creating a luxurious, airy feel.
- **Lavender tones** add a subtle sense of creativity and uniqueness, helping the brand feel modern and inclusive.
